No suits have been filed so far It is stated that the question of filing suits for the recovery of dues is before the council

The heavy arrears of Rs 10048-5-0 outstanding require drastic reduction The reason for the heavy outstandings is - stated to be partly due to the booking of demands year after yearx on Khates which do not reveal the present owners or their descendants It is also started that correct Khatedars could not be located as no reconciliation between the old and new Khates was made at the time of the revision of assessment Therefore as much difficulty has been experienced in arriving at correct arrears and parties from whom they are due, reference has been made for getting the accounts audited by one of the auditors of tne Comptroller's office And he is expected to commence his work shortly The Chief Officer and other subordinates who are entrusted with this work should work

work strenously during and after the reconciliation of accounts to reduce the outstandings to a negligible degree Action should be taken immediately to reduce the arrears which have accumulated on account of wrong demands

As four years have elapsed, the work of revision of assessment is due to be taken up during the next year

The President is requested to bestow his personal attention to this important work and see that action is taken immediately to reduce the arrears

POUND COLLECTIONS

There is only one pound at Ganjam The marginally noted figures show the income during the last 4 years During the current year till the end of May 41, a sum of Rs 186-3-0 has been realised By the end of the year an in-come of Rs 15/- is anticipated Thus on the aggregate a sum of Rs 201-3-0 is anticipated An expenditure of Rs 20-14-0 has been incurred on account of feeding charges

1936-37	185-4-6
1937-38	294-1-6
1938-39	194-6-0

TOLL-COLLECTIONS

The marginally noted figures show the income under this head during the last 4 years A sum of Rs 1728-4-6 has been realised under this head till the end of May 1941 This works out on an average income of Rs 157/- per month Thus the total income by the end of the current year will be Rs 1885-4-6, while the anticipated in-come as per sanctioned bedget for the current year is Rs 2600/- The fall in the anticipated in-come is explained to be due to the compounding of the payment of tolls on Motor Lorries, Buses and cars

1936-37	2550-2-0
1937-38	2755-8-0
1938-39	2385-4-6

Total Receipts till the end of May 1941	18574- 4-2

8	Loan due to Govt	2738-0-0
	Interest on loan	1993-0-0
	Total	14219-14-6

The Municipality has no investments But it has to pay a sum of Rs 14219-14-6 as dues and contributions to several departments, as noted in the margin These huge outstandings to other departments are explained by the fact that the Municipality has lost an average in-come of Rs 5000/- due to the abolition of the Pilgrim Tax A recommendation has already been made to Government for reviving the levy of Pilgrim Tax A sum of Rs 2093-9-10 has been advanced for the maintenance of the Town Improvement Gang A recommendation for a liberal grant to recoup this amount has also been made, unless liberal grants and the revival of the Pilgrim tax are allowed, the financial position of the Municipality will be very bad and even the carrying on of routine business may become a difficult task Therefore the Municipal Council should also find out ways and means to augment their financial resources

The 'Gang' will have to be continued, to prevent growth of rank Vegetation and prevent diseases, like Malerial Etc and

Etc , and that the town in a clean condition as hitherto
